ATTENTION: Board of Directors

Dear Board Members:

Re: Petition

Please find attached a petition to deny the right of purchase to the North Westside Fire and Rescue Department for a Fireboat a.k.a. a Mobile Marine Water Supply unit. The petition reads as follows:

***“We, the undersigned, declare we are residents of the North Westside Road Fire District (Westshores to La Casa). Further, we the undersigned, vigorously oppose and will not support the acquisition of a Fireboat for this area. We prefer the One Hundred and Fifty Thousand dollar (\$150,000.00) cost of a Fireboat be spent on more conventional Firefighting equipment.”***

***“We, the signatories above, declare we are 18 years of age or older, and we are Canadian citizens. We have lived in British Columbia for at least six months before signing this form. We have lived in the North Westside Road Fire Protection area (Westshores to La Casa) for at least 30 days before signing this form.”***

On behalf of the members of our community who signed and presented this petition, we thank you for your consideration.

Yours truly,

NORTH WESTSIDE RATEPAYERS ASSOCIATION

Diane Baldwin, President
