SCHEDULE A

(Regional District of Central Okanagan Regional Parks Regulation Amendment Bylaw No. 1186, 2006)

REGIONAL PARK USER FEES & CHARGES

GENERAL PRINCIPLES FOR REGIONAL DISTRICT OF CENTRAL OKANAGAN PARKS AND RECREATION FACILITIES RENTALS, FEES & CHARGES

1. The Regional District of Central Okanagan has an obligation to sponsor, within constraints of limited available public resources, both Regional Parks services and community parks and recreation services which:
 - a) meet socially and environmentally worthwhile goals and objectives and clearly demonstrate a benefit to residents serviced by each of the parks and recreation services provided;
 - b) are, as far as reasonably possible, accessible to all residents of the Central Okanagan;
 - c) to the extent that public subsidy of these Regional Parks and community parks and recreation services is justified and is required, it should be provided.
2. Fees and charges should supplement tax appropriations as a source of revenue for the Parks and Recreation Department of the Regional District of Central Okanagan (RDCO) and should not be the primary revenue source for the operation of the department.
3. Using public sector funds with the objective of undermining the ability of the private sector to compete in the market place is unacceptable. Taxes should never be used unfairly to compete with the private sector. However, if the public good needs to be realized, and the private sector is unwilling or unable to realize it at a price that is affordable by the target market, the public sector can justify competing with the private sector to realize those public benefits.
4. Cost of administering and collecting revenues should not be disproportionate to the actual revenue gained.
5. The extension of the Parks and Recreation Department services should be based on the need and not the income value of the services.
6. Special services or exclusive privileges should entail a charge:
 - a) expendable materials – arts & crafts supplies
 - b) consumable materials – food
 - c) specialized instruction – pottery, dance, gymnastics
 - d) high cost facility – pool, arena, field, complex
 - e) use of equipment – kitchen, sport, chairs, tables, audio-visual
 - f) protection of property – personal, parking
 - g) exclusive occupancy – ice, floor, field, parking, building

7. Parks & Recreation public program delivery is considered the highest priority in use of parks & recreation facilities. Allocation of parks and recreation facilities will be in accordance with the following order of priority:
 - a) Community programs (i.e. public skating, environmental education, etc.)

- b) Organized recreational use (non exclusive organized sport)
 - c) Non-profit or fundraising initiatives that have a direct relationship with the delivery of Regional or Community Parks service delivery or Recreation Facility services
 - d) Other Private and / or Commercial Users
8. With regard to parks and recreation facilities allocation priorities above, it must be recognized that no single use shall unreasonably monopolize or disrupt the operation of any other use.
 9. In recognition of the community social and economic benefits associated with Provincial and National Tournaments and Competitions, Conferences and Major Special Events in the community, the Director of Parks and Recreation may adjust the fees and charges for these events, when the same can be accommodated without severely impacting the two highest allocation priorities identified above, and as deemed as appropriate after a thorough review of the individual proposal.
