TRADE
IN OLD
FOR NEW

\$250

CASH REBATE
DEALER
DISCOUNTS

(rebate money is limited)

New technology wood stoves use about 1/3 less wood
& burn up to 90% cleaner than old stoves!

Trade-in your old wood stove or wood insert for a new cleaner technology
electric, pellet, gas or wood stove or insert for cash & discounts.
Some restrictions apply.

TIPS FOR CLEAN BURNING

- ★ Wood should be split, stacked and properly covered at least 8 months before use.
- ★ If your wood hisses or moisture is released when burning, your wood is not yet dry.
- ★ Burn only clean, dry wood. Never burn wet, green, painted or treated wood. Never burn garbage.
- ★ Use plenty of small pieces of kindling along with newspaper to start a fire. Burn hot fires using logs that are 3 to 6 inches in diameter.
- ★ Don't damper down your fire, as this will produce a smoky, oxygen-starved fire.
