

# Park Programs

*Keep an eye out for these and other programs offered throughout the year!*

## Go Fish!

If learning to fish is on your list of things to do with the kids, here's your chance! Weekends during May visit Mission Creek or Shannon Lake Regional Parks and try your luck. The ponds will be stocked with trout, ready and waiting to be caught.

Volunteers and staff will be on hand to help new fishers. This program is for children 16 and under, with a one fish per day limit. No fishing license is required.
