Request to Cancel an Existing Alarm Permit

Before we cancel your alarm permit _____, we want to make sure that you are aware of the Bylaw regulations. Under the Alarm Bylaw, Regional District of Central Okanagan Bylaw #1382, it does not matter if your alarm **is monitored or not, it is required to be registered.**

If you choose to cancel your alarm permit and someone walking down the street calls the police because your alarm is going off - you will be fined - if the alarm is deemed false by police attendance. (refer to page six of RDCO Alarm Bylaw No. 1382 for full fee schedule and details available at www.regionalsdistrict.com/alarms).

If you would still like to cancel your alarm permit, please complete the required information below and we will consider your alarm permit cancelled.
