Star Place Boil Water Notice Removed

In consultation with Interior Health, the Regional District of Central Okanagan has removed a **Boil Water Notice** for residents served by the **Star Place Water System** in the Central Okanagan West Electoral Area.

The community water system services eight properties on Star Place off Trepanier Road near the Okanagan Connector (Hwy 97-C).

Sample water tests show the system is within acceptable Guidelines for Canadian Drinking Water Quality. Normal water service was restored last Thursday night after a water line break earlier that afternoon.

For information visit the Regional District website water system webpage (regionaldistrict.com/water) or contact RDCO Environmental Services at engineer@cord.bc.ca or 250-469-6241. To subscribe online for Regional District water quality advisories or alerts by email visit regionaldistrict.com/water.
